PARTICIPANTS

in alphabetical order

Professor Sucharit BHAKDI MD is Professor Emeritus of Medical Microbiology and Immunology, Former Chair, Institute of Medical Microbiology and Hygiene, Johannes Gutenberg University of Mainz.

Prof. Arne BURKHARDT MD is a German pathologist, researcher. He looks back on many years of teaching experience at the Universities of Hamburg, Bern and Tübingen as well as visiting professorships/study visits in Japan (Nihon University), USA (Brookhaven National Institute), Korea, Sweden, Malaysia and Turkey. He headed the Institute of Pathology in Reutlingen for 18 years, after which he worked as a practicing pathologist. Prof. Burkhardt has published over 150 articles in journals and as contributions to handbooks. He has also certified pathological institutes.

Catherine Austin FITTS is the president of Solari, Inc., publisher of the Solari Report, and managing member of Solari Investment Advisory Services, LLC. Catherine served as managing director and member of the board of directors of the Wall Street investment bank Dillon, Read & Co. Inc., as Assistant Secretary of Housing and Federal Housing Commissioner at the United States Department of Housing and Urban Development in the first Bush Administration, and was the president of Hamilton Securities Group, Inc. Catherine has designed and closed over \$25 billion of transactions and investments to-date and has led portfolio and investment strategy for \$300 billion of financial assets and liabilities. She graduated from the University of Pennsylvania (BA), the Wharton School (MBA) and studied Mandarin Chinese at the Chinese University of Hong Kong.

Patrick HENNINGSEN is founder and managing editor of the news website 21st Century Wire, a UK Column writer and presenter, and independent foreign and political affairs analyst. He is also the host of the SUNDAY WIRE talk radio program which airs live every Sunday on the Alternate Current Radio Network.

Mary HOLLAND is the president of Children's Health Defense and Director of the Graduate Lawyering Program at NYU School of Law. She has written several law review articles and blog posts on vaccine law and policy and is the co-author and co-editor of the books "Vaccine Epidemic" and "HPV Vaccine on Trial: Seeking Justice for a Generation Betrayed." She has testified to retain or expand vaccination exemptions in the California, West Virginia, Maine and Vermont legislatures and has appeared in several documentaries and programs on vaccine issues. Mary is chair of the advisory board of Health Choice and a member of the advisory boards for the Elizabeth Birt Center for Autism Law and Advocacy, the Otto Specht School and Actionplay. Educated at Harvard and Columbia Universities, Mary has worked in international public and private law. Prior to joining NYU, she worked at major U.S. law firms, with three years based in Moscow, Russia. She also worked at a U.S. human rights organization as Director of its European Program. She has taught courses at Columbia Law School and has served as a consultant to the Aspen Institute Justice and Society Program.

Renate HOLZEISEN is a lawyer in South Tyrol who is fighting the Corona measures legally, since in her opinion any newly developed vaccine can not be used in the ongoing process of making them mandatory in connection with the reasoning that has been used for their approval. Barrister practicing also before the Supreme Courts and specialized in European and International Law, she is fundamental force in cases at European and also at national level - unifying, sharing and coordinating initiatives. She is actively engaged in issues regarding Fundamental Rights and Freedoms.

Taylor HUDAK, MA, is an independent journalist focusing on free speech, press freedoms, whistleblowing and US foreign policy. Taylor's work can be found on acTVism Munich YouTube channel, as well as The Last American Vagabond.

Robert F. KENNEDY, Jr. serves as President of Waterkeeper Alliance, as well as Founder, Chairman of the Board, and Chief Legal Counsel for Children's Health Defense, and of counsel to Morgan & Morgan, a nationwide personal injury practice. Mr. Kennedy is an esteemed author, with a long list of published books including the New York Times' bestseller, "Crimes Against Nature" and more recently, "The Real Anthony Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health". Mr. Kennedy was named one of Time magazine's "Heroes for the Planet" for his success helping Riverkeeper lead the fight to restore the Hudson River. His reputation as a resolute defender of the environment and children's health stems from a litany of successful legal actions. He received recognition for his role in the landmark victory against Monsanto which he was invited to discuss at the European Parliament in 2018. He is a relentless advocate of better safety of health policies and medical freedom and is inspiring people all over the world to join forces in protecting our children's future.

Philipp KRUSE is a Swiss Attorney. After a career in commercial and constitutional law, he dedicated his life to challenge the path Switzerland is moving along with many other nations. He has run several cases in relation to regulations impacting children, constitutional controversies and is leading several initiatives supporting activists.

Meryl NASS, MD, ABIM, is an internist with special interests in vaccine-induced illnesses, chronic fatigue syndrome, Gulf War illness, fibromyalgia and toxicology. As a biological warfare epidemiologist, she investigated world's largest anthrax epizootic in Zimbabwe, and developed a model for analyzing epidemics to assess whether they are natural or man-made. She has played a major role in creation of a coalition that has fought the Anthrax Vaccine Immunization Program. Nass is active in assisting legal teams defending anthrax vaccine refusers and ill service members in the U.S. and Canada.

Professor Michael PALMER MD is Associate Professor in the Department of Chemistry at the University of Waterloo, Ontario, Canada, and is board certified in Medical Microbiology with a focus on Pharmacology, metabolism and biological membranes. His experimental research focus is on bacterial toxins and antibiotics. Michael has authored a textbook on Biochemical Pharmacology.

Dr. Piers ROBINSON is co-director of the Organisation for Propaganda Studies and researches and writes on propaganda, media, international politics and conflict. He is co-editor of the Routledge Handbook of Media, Conflict and Security (2018) and has published articles in journals including the Review of International Studies, Journal of Communication, Critical Sociology, Journal of Peace Research, European Journal of Communication, Political Science Quarterly, International Journal of Contemporary Iraqi Studies, Media, Culture and Society, Political Studies and Media, War and Conflict.

Astrick STUCKELBERGER (MSc PhD PD) is an international health scientist conducting and directing researches from clinical to epidemiological studies on to science for policy-makers (United Nations, European Commission, Governments and the private sector) since 30 years and teacher for 25 years at the Faculty of Medicine of the University of Geneva and Lausanne (Switzerland). She has published 12 books, contributed to several WHO books (mental health policy, International Research Ethics Training, INNOV8, etc.) and more than 180 scientific articles, policy papers, governmental, EU or UN reports. She received an international Award from the UN secretary-general for the work accomplished and from Swiss organisations; she was nominated in the 100 personalities of Switzerland.

Carsten STÜMKE MD has been practising Medicine since 1996 after finishing Medical School at the University of Kiel. He specialised in ophthalmology after having taken an interest in the subject during an academic internship in Prague as early as 1993. Dr. Stümke combines modern academic medicine with holistic approaches of taking into account the needs of each individual patient as a human being (Menschliche Medizin). Special emphasis is given to nutritional medicinal consulting for patients.

Dr. Michael YEADON BSc was Formerly Vice President & Chief Scientific Officer Allergy & Respiratory at Pfizer Global R&D. He holds Joint Honours in Biochemistry and Toxicology and a PhD in Pharmacology. He is an Independent Consultant and Co-founder & CEO of Ziarco Pharma Ltd.
